

INTRODUCTION

The Dublin ISD Administrative Regulations Manual contains administrative procedures, denoted in the upper right corner as (REGULATION), developed to assist in the implementation of Board policies. Sample regulations from the TASB Regulations Resource Manual (see lower left corner) are reviewed and modified as needed for local use. In addition, a local regulation may be developed in the absence of a TASB sample regulation or even in the absence of a local board policy. Please refer to the Dublin ISD Board Policy Manual for corresponding (LEGAL) and/or (LOCAL) policies.

The Administrative Regulations Manual is organized on the same basis as the Board Policy Manual. There are seven sections, each devoted to a separate area of District governance; however, because the development of the manual is ongoing, several sections do not currently contain a (REGULATION):

- A – Basic District Foundations
- B – Local District Governance
- C – Business and Support Services
- D – Personnel
- E – Instruction
- F – Students
- G – Community and Governmental Relations
